

**California State Lands Commission  
Presents  
Prevention First 2002  
An Onshore & Offshore Pollution Prevention  
Symposium & Technology Exhibition**

**Table of Contents**

***Human & Organizational Factors (Moderator: Kevin Mercier, California State Lands Commission)***

- Keys to Successful Incident Inquiry  
*by Anita M. Rothblum, U.S. Coast Guard, Research & Development Center*
- Development & Use of Human Factors Analysis & Classification System Incident Analysis Tools  
*by Doug Wiegmann, Ph.D., University of Illinois, Institute of Aviation*
- Practical Approaches to Marine Terminal Human Factors  
*by Denise McCafferty, American Bureau of Shipping*
- Application of HFACS Incident Inquiry Tool to Marine Terminal Operations  
*by Marc Chaderjian, California State Lands Commission*

***Ballast Water Management Program (Moderator: Karen McDowell, California Sea Grant Extension Program)***

- A Review of Recently Completed Studies Undertaken to Develop an Inventory of Non-Indigenous Species Occurring in the Marine and Estuarine Waters of California  
*by Michael Sowby, Peter Ode, and Marian Ashe, California Department of Fish and Game, Office of Spill Prevention and Response*
- Ballast Water Treatment Retrofit – A Case Study and Reality Check  
*by Spencer Schilling, Herbert Engineering Corporation*
- Quantitative Evaluations of Ballast Treatment Systems  
*by Nick Welschmeyer and Stephen Bollens, Moss Landing Marine Laboratories and California State University, San Francisco*

- Ballast Water Exchange for Coastal Traffic on the West Coast of the United States  
*by Karen McDowell, California Sea Grant Extension Program*
- Preventing Biological Invasions via the Activities of Ships: U.S. Coast Guard Efforts to Facilitate the Development of Effective Ballast Water Treatment Technology  
*by Richard A. Everett, Ph.D., U.S. Coast Guard*
- California's Ballast Water Program – An Update  
*by Maurya B. Falkner, California State Lands Commission*

**Environmental Issues (Moderator: Steve Hampton, California Department of Fish and Game, Office of Spill Prevention & Response)**

- Applied Response Technologies  
*by Yvonne Addassi, California Department of Fish and Game, Office of Spill Prevention and Response*
- Area Contingency Planning/Natural Resource Damage Assessment  
*by Carl Jochums, California Department of Fish and Game, Office of Spill Prevention and Response*
- MEXUSPLAN  
*presented by Ensign Adam Birst, U.S. Coast Guard*
- Using Models to Help Understand Risk to Wildlife from Oil Spills  
*by Heather A. Parker Hall, National Oceanic & Atmospheric Administration*

**Marine Oil Terminal Engineering & Maintenance Standards (MOTEMS) (Moderator: Martin Eskijian, P.E., California State Lands Commission)**

- Marine Oil Terminal Engineering – An Overview  
*by Martin Eskijian, P.E., California State Lands Commission*
- Inspection and Audit Procedures  
*by Ron Heffron, P.E., Han-Padron & Associates*
- Structural Analysis, Design & Performance Requirements  
*by Thomas Dahlgren, P.E., Ben C. Gerwick, Inc.*
- Full-Scale Testing of a Section of a Pier  
*by Dr. Scott Ashford, P.E., University of California, San Diego*

**Marine Oil Terminal & Related Engineering Issues** (Moderator: Martin Eskijian, P.E., California State Lands Commission)

- The Effect of Passing Ships on Moored Ships  
*by John Flory, P.E., Tension Technology International*
- Passing Vessels Investigations  
*by Scott Fenical, P.E., Pacific International Engineering*
- Strong Motion Instrumentation on Wharves & Piers in California  
*by Dr. M. Huang, P.E., and Dr. T. Shakal, California Strong Motion Instrumentation Program*
- Refinery Damage and Emergency Response in the 1999 Izmit, Turkey Earthquake  
*by Gayle Johnson, P.E., Han-Padron & Associates*
- Inspection of Marine Terminal and Plant Piping Utilizing Long Range Guided Ultrasonic Waves  
*by Larry Weigel, UNITEK Energy Services Group, Inc.*

**Homeland Security** (Moderator: Don Hermanson, California State Lands Commission)

- Maritime Transportation System – A Mechanism for Growth  
*by Norman Fassler-Katz, State Assembly Committee on California Ports*
- Port Security Grants  
*by Frank Johnston, Maritime Administration*
- The Evolution of Security at California's Marine Oil Terminals  
*by Lawrence Hope, California State Lands Commission*
- U.S. Coast Guard Role in the Port Security  
*by Commander George Cummings, U.S. Coast Guard*

**Harbor Management Issues** (Moderator: Bud Leland, California Department of Fish and Game, Office of Spill Prevention & Response)

- Role of Vessel Traffic Services in Homeland Defense  
*by Captain Richard McKenna, Marine Exchange of Los Angeles/Long Beach Harbor*

***Pacific States Regulatory Update (Moderator: Scott Schaefer, California Department of Fish and Game, Office of Spill Prevention & Response)***

- Continuous Improvement of Oil Spill Prevention and Response in Alaska  
*by Larry Dietrick, Department of Environmental Conservation*

***Response Resource Assessment (Moderator: Ted Mar, California Department of Fish and Game, Office of Spill Prevention & Response)***

- The Sensitive Site Exercise Program  
*by Chris Klumpp, California Department of Fish and Game, Office of Spill Prevention and Response*
- Sensitive Site Testing Program  
*by Bill Weber, California Department of Fish and Game, Office of Spill Prevention and Response*
- Federal Salvage Regulations  
*by Captain David Westerholm, U.S. Coast Guard Headquarters*

***Offshore and Onshore Facility Decommissioning (Moderator: Marina Voskanian, California State Lands Commission)***

- Platform P-36 Accident in Campos Basin, Brazil  
*by Commissioner Oswaldo Antunes Pedrosa, Jr., Agencia Nacional de Petroleo, Brazil*
- Belmont Island Decommissioning  
*by Cris McGuffee, Exxon Mobil Production Company*
- Current Marine Terminal Decommissioning Projects – Environmental Issues & Project Responses  
*by Simon Poulter, Padre & Associates*

***Offshore and Onshore Facility Pollution Prevention (Moderator: Marina Voskanian, California State Lands Commission)***

- PRC Lease 421 Rehabilitation  
*by Steve Greig, Venoco, Inc.*

***Prevention and Safety through Process Management (Moderator: James Hemphill, California State Lands Commission)***

- CSLC Safety Audit Program  
*by Mark Steinhilber, California State Lands Commission*

- **Electrical System Safety Audits**  
*by Doug Effenberger, Power Engineering Services, Inc.*
- **Process Risk Management Program**  
*by Lance Lomax, THUMS Long Beach Company*
- **Environmental Management Systems**  
*by Mark Shemaria, Tidelands Oil Production Company*
- **Focused Facility Inspection Program**  
*by Shannon J. Shaw, U.S. Department of Interior, Minerals Management Service*

***Prevention through Regulations and Compliance (Moderator: Jeff Planck, California State Lands Commission)***

- **Security Since 9/11**  
*by Peter L. Tweedt, U.S. Department of Interior, Minerals Management Service*
- **CSLC/DOGGR Joint Regulations**  
*by Jeff Planck, California State Lands Commission*
